Technical diagram of a pool layout showing dimensions and fallzone requirements. The pool is L-shaped with a total width of 7876 and a total depth of 7360. The layout includes a rectangular section on the left (4790 x 1886) and a square section on the right (1550 x 1550). The distance between the two sections is 1550. The pool is surrounded by a recommended fallzone (red line) and a minimum fallzone (black line). The fallzone at the absolute minimum is 1000mm (R1000) on the left and right sides, and 1550mm (R1550) on the top and bottom sides. A note states: "Fallzone at absolute minimum, recommend allowing an extra 100mm where possible from all hard surfaces, including border capping and surround posts etc."

Technical drawing of the playground structure showing a side profile. A vertical dimension line on the right indicates a height of 2852.

Technical Information	
Main Dimension	7876 x 7360
Total Area	47m2
Max FHO	1860
Heaviest Part	40kg
Compliant to	NZS 5828:2015 AS 4685:2017 EN 1176:2008
